**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5,7,8,10, are rejected under 35 U.S.C. 102(b) as being anticipated by JP 06254007 (Sunakawa)(Abstract).

The English Abstract discloses a crevice tool attachment for a vacuum cleaner which comprises a head 2, a neck 5, a first portion which, in use lies alongside the mouth of the wand or hose and a second planar portion 7, which in use, is spaced away from the mouth of the wand or hose and forming a ventilation flow path which effectively reduces the suction at the head of the tool.

***Allowable Subject Matter***

Claims 12-14 are allowed.

Claims 6 and 9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
